

DALTON CUB SCOUTS

Section 10: How is the recycling income generated?

Dalton Pack 922 has a grant agreement with Stark Wayne Tuscarawas Recycling. Stark Wayne Tusc Recycling makes a contribution to the Pack when we physically man the recycling center in Kidron 2 times a month. We tie it in with being conservation minded and helping others help our planet.

ORRVILLE CUB SCOUTS

Section 10: Why did the Popcorn fundraiser drop so much in 2017?

From what I understand last year we had unfortunately some individuals take advantage of the pay on delivery option of the popcorn. They picked up the popcorn and then left the group never to be seen again. We ended up eating the cost of those orders. That is why it was under plan.

Our Mitigation is that this year we are not accepting payment on delivery. We have been up front with our sellers and customers that we require payment up front this year before we order this year. Everyone has been very understanding.

Section 10: Why are you dropping the Meat Sticks / Candy Bar fundraiser in 2018?

The meat stick and candy bar sale was a one-time test to selling them. Response from the group selling them was not overly positive because of the overlap with other groups like sports teams also selling candy bars. Many parents said they had difficulty selling candy bars for multiple groups at nearly the same time.

There are also additional steps now with council to get approval to do other fundraising. Before I could commit to doing one I have to get up to speed with those requirements. As this is my first year in charge that is on my to-do list, but hasn't been completed.

BOY SCOUTS TROOP 60

Section 7: What was the large increase in Program Expenses (line 2) in 2017?

We sent 5 Scouts to The National Scout Jamboree at a cost of \$1300 for 4 scouts to attend and 1 scout on staff at \$1000. That's what the parents have to cover for their scouts to do everything they want to do. I'm probably not catching everything. My understanding is when we re-charter in January, membership will jump from \$24 to \$33 per scout

Section 7: How do you plan to fund the 2017 and 2018 budget shortfalls?

(Question has not been answered)
